5.10 TEACHER INITIATED TRANSFER

A Teacher desiring a transfer shall make application for a transfer on or before a date as determined by the School Division of the School Year prior to the School Year for which the transfer is to be effective. The School Division shall approve or deny the transfer at its discretion. A Teacher initiated transfer does not restrict a Teacher's ability to apply for other positions in the School Division.

5.11 COMPLAINTS

Where a complaint is made to a School Division (including to a Principal, Vice Principal, Superintendent, or School Trustee) by a member of the school community (i.e. by a parent or student) regarding the conduct, work, decisions of a Teacher, or the competency or character of the Teacher, and the nature of the complaint is such that it does not reasonably fall under *Article 5.12 Discipline*, the following process shall apply:

1. The Parties agree that such a complaint is best dealt with in the first (1st) instance through discussion between the complainant and the Teacher. The recipient of the complaint shall advise the complainant to first raise the complaint directly with the Teacher.

The Teacher shall be immediately advised of the complaint and shall be provided with information about the complaint.

2. If the complainant has raised the complaint directly with the Teacher and is not satisfied with the outcome, the Principal or Vice Principal may convene a meeting with the Teacher and the complainant to attempt to resolve the complaint.

3. If the complainant is not satisfied with the outcome of the meeting with the Teacher and the Principal or Vice Principal, the Superintendent may convene a meeting with the Teacher, their Principal or Vice Principal, and the complainant. The complainant shall be directed to put their concern in writing if not already reduced to writing, and the Teacher shall be provided a copy in advance of the meeting. The Teacher shall be given the opportunity to provide an explanation and written response to the complaint. The Teacher shall have the right to have an MTS Staff Officer present at the meeting.

5.13 GRIEVANCE PROCESS

1. Where a violation of this agreement is alleged by a party to the agreement concerning the agreement's content, meaning, application or violation, either party shall, within thirty-five (35) School Days from the date on which the grieving party or Teacher on whose behalf the grievance is filed, as may be applicable, became aware of the event giving rise to the alleged violation or difference, notify the other party, in writing, stating the alleged violation or difference and the resolution sought.
2. All grievances shall be made in writing on the grievance form prescribed by the Parties to this agreement and attached to this Collective Agreement. The grievance shall provide a detailed summary of the issue with submission of sufficient particulars to enable the Employer Representative or School Division to respond. Where a request is made for particulars, the timing of the response is extended until the particulars have been provided.
3. For all grievances initiated by the Society (Individual, Association, Society), the grievance shall be given to the Employer Representative and received on behalf of a School Division with a copy going to the employing School Division.

For all grievances initiated by a School Division, the grievance shall be given to the Society by the Employer Representative.

4. The Employer Representative shall maintain jurisdiction on behalf of a School Division(s) for any and all grievances unless the Employer Representative delegates jurisdictional authority to a School Division.
5. If a grievance is delegated to a School Division, the Employer Representative shall provide written notification to the Society and the School Division. Absent notice to the Society that the grievance has been delegated, the Society shall deal with the Employer Representative.
6. If the grievance is not filed within the timeframe in *Article 5.13 (1)* the grievance will be deemed to be abandoned.
7. Grievances retained by the Employer Representative shall be called "A" Grievances. Grievances delegated to School Divisions shall be called "B" Grievances.

"A" Grievances

8. If the Employer Representative retains jurisdiction of a grievance, they shall meet with the grievor and the Society representative(s) and School Division representative(s) to discuss the grievance within fifteen (15) teaching days from the date the grievance was received. The Employer Representative shall provide a response to the grievance within fifteen (15) teaching days from the date that the Parties met to discuss.

"B" Grievances

9. If a School Division has been delegated jurisdiction to make a decision regarding the grievance, the grievor and/or the Society representative(s) and School Division representative(s) shall meet to discuss the grievance within fifteen (15) teaching days from the date the grievance was received. The School Division shall provide a response to the grievance within fifteen (15) teaching days from the date that the Parties met to discuss.

The grievance procedure shall be deemed to be complete if the responding party does not reply within the prescribed timeline, and the matter may proceed to arbitration; or if the grieving party fails to meet the times lines of their grievance as outlined in this Article, the grievance is considered to have been withdrawn or abandoned.

10. The Parties can mutually agree to extend any of the timelines outlined above.
11. The Parties recognize that terminations of Teachers are addressed under section 92 of The Public Schools Act.

Arbitration

12. If a resolution or settlement to a grievance is not reached through the grievance reply or no response is provided within the timelines stated above, the grieving party may within fifteen (15) teaching days request in writing that the matter be submitted to an arbitrator or arbitration board as herein prescribed.
13. For all grievances, a single arbitrator shall be used, unless either party requests to use an arbitration board. Within ten (10) teaching days of the written request to settle the difference by arbitration, each party shall submit names of proposed arbitrators. If the Parties are unable to agree on an arbitrator, the grievor may request the Manitoba Labour Board to appoint an arbitrator.
14. If the Parties use an arbitration board, each party shall nominate an arbitrator and shall notify the other party of the appointment within ten (10) teaching days of said agreement.
15. These two arbitrators, within a further period of ten (10) teaching days after their appointment, shall select a chairperson. Should the two (2) arbitrators fail to agree upon a chairperson within the required ten (10) teaching days, either party may request the Manitoba Labour Board to appoint a chairperson.
16. In the event of any vacancy on the arbitration board occurring by reason of death, incapacity or resignation, or any other reason, such vacancy shall be filled in the same manner as is provided herein for the establishment of the Arbitration Board in the first instance.
17. The decision of the Arbitrator or Arbitration Board shall be limited to the dispute or question contained in the statement or statements submitted by the Parties, and the decision shall be limited to the interpretation of the statement or statements submitted by the Parties. The Arbitrator or Arbitration Board shall not alter nor change the Collective Agreement.
18. The fees and expenses of the single arbitrator shall be divided equally between the School Division and the Society.

If, however, the Parties elect to use an arbitration board, the School Division shall pay the fees and the expenses of the member chosen by it, the Society shall pay the fees and the expenses of the member chosen by it, and the fees and expenses of the chairperson shall be divided equally between the School Division and the Society.

19. Except as herein provided, the Labour Relations Act shall apply.

5.14 NEW POSITIONS

If during the term of this Agreement a School Division creates a new position or category of employment which would be subject to the Agreement, the following provisions shall apply:

- a) The School Division shall notify the Association of the new position or category of employment, and the proposed rate(s) of pay which will be applicable, and
- b) The Employer Representative, along with a representative of the School Division and the Association and the Society shall meet as soon as possible to negotiate the applicable rate(s) of pay to be incorporated in the Agreement, and
- c) The Parties will attempt to reach agreement before any appointment is made, but if the School Division believes in its discretion that there is an urgent need to make an appointment before negotiations are concluded, the School Division may do so on the terms which it has proposed, and
- d) In the event that the representatives of the Parties are unable to reach agreement, the School Division will establish the rate(s) of pay, and the matter will then be dealt with through *Article 5.13 Grievance Process*, and
- e) In any case, salary, allowances, and any other terms as agreed between by the Parties or established by an arbitration board shall be effective from the date of the appointment(s).

5.15 POSTING OF TEACHING POSITIONS

1. At the School Division's discretion, teaching vacancies that arise throughout the year may be used to place Teachers returning from approved leaves.
2. Otherwise, teaching vacancies that arise throughout the year will be posted on the Divisional website for a minimum of four (4) working days for external Teacher candidates to apply.
3. Any term positions filled during the year that become permanent will be posted in the spring staffing period for the next School Year.
4. Postings shall be made available for the President of the Association to view.

5.16 LAYOFF

Prior to a Teacher(s) being laid off:

1. The School Division shall reduce a Teacher(s) on a full year Limited Term Contracts first, where during that term the Teacher is employed on the express written understanding that such Teacher will not, after the completion of such term, be employed by the School Division.

This does not apply to a Teacher(s) on a Limited Term Contract who are replacing a Teacher on leave for a duration of three (3) months or less.

Once all full year Limited Term Teachers have been reduced; then;

2. The School Division shall reduce a Teacher(s) who has less than one (1) year teaching with a School Division provided that the Teacher(s) does not have the training, experience, and qualifications required by the School Division for a specialist or subject matter that the Teacher was employed to teach that would therefore go unfulfilled if the Teacher(s) was laid off, or if the Teacher was hired under a School Division's Diversity, Equity and Inclusion (DEI) Program as provided for in layoff considerations in *Article 5.19 4) b) i.*
3. Teachers who are reduced under 1. and 2. above are not eligible for the following provisions of this Article and will have their employment terminated with no requirement for a hearing under Section 92 of The Public Schools Act.

4. Layoff

- a) In the event of an impending layoff, the School Division shall meet with the President of the Teacher Association to discuss the implications of the layoff and shall provide the Association with a list of Teachers to be laid off. The meeting shall be held no later than May 1st in any School Year.
- b) When it is determined by the School Division that a layoff is necessary, the School Division shall give first consideration to:
 - i. Retaining Teachers who have been hired to provide a representative workforce as part of a School Division's Equity program(s) under *Article 5.19 Equity Programs.*
 - ii. Teachers hired under such a program may be ineligible for layoff until such time as the School Division has a representative workforce as outlined in their Equity Program target numbers.
 - iii. Retaining Teachers having the greatest length of service with the Board.
- c) Notwithstanding the foregoing, the School Division shall have the right to disregard the length of service of any Teacher in the event of a layoff, if such Teacher does not have the necessary training, academic qualifications, and experience for a specific teaching assignment within the School Division.
- d) A School Division may determine that a principal and/or vice principal may be excluded from the provisions of this Article if there are layoffs at their school and a Teacher scheduled for layoff has greater length of service.
- e) The School Division shall maintain a seniority list showing the date upon when each Teacher's service commenced and the total length of service for the purpose of determining seniority. The School Division shall provide the Association with the seniority list and shall post the seniority list in each school in the Division prior to February 1st of each year. Teachers shall have until February 28th to notify in writing

any alleged omission or incorrect listing to the School Division. The seniority list will be finalized by March 15th.

- f) Definitions:
- i. *Training*: Instruction received as preparation for the profession of teaching which instruction leads to the development of a particular skill or proficiency with respect to a particular subject or subjects.
 - ii. *Academic Qualifications*: Refers to the classification in which a Teacher is placed by the Department including vocational/industrial arts, school clinician, and specialist certificates, as applicable.
 - iii. *Experience*: The practical application of the training over a period of time with respect to the particular subject or subjects.
- g) Length of Teaching Service:
- i. The Teacher's length of continuous employment with the School Division on a Teacher General Contract beginning with the first teaching day after one's most recent day of hiring of continuous employment (i.e. no breaks in service) with the School Division. This does not include employment on a Limited Term Teacher Contract nor employment as a substitute Teacher.

Approved leaves of absence shall not constitute a break in continuity of service.
 - ii. Where Teachers have the same length of continuous employment with the School Division as defined in i. above, the length of teaching service shall be determined on the basis of total continuous teaching experience (without a break in service) in the School Division if a Teacher previously had a Limited Term Teacher Contract before receiving a Teacher General Contract.
 - iii. Where Teachers have the same length of service as in i. and ii. the length of teaching experience shall be determined on the basis of total recognized teaching experience by the Department.
 - iv. If the total teaching experience in i., ii., iii. is equal, the Teacher to be laid off shall be determined by the Division.
- h) Notice of any layoff shall be given to the Teacher no later than the 15th day of May in any School Year. Notice shall be copied to the Association to take effect September of the following School Year. Notice shall be copied to the Association and shall include a copy of this Article.
- i) In unforeseen circumstances, a layoff may need to occur at a time other than September of the following School Year. The Parties will meet to discuss the circumstances and timelines for the layoff notice period. The minimum notice period shall be at least ten (10) teaching days.
- j) The Teacher, within ten (10) teaching days of receiving notice of layoff, shall indicate in writing their wish to be placed on the re-employment list. Notwithstanding anything else in this Article, failure to respond within the time limit specified in this paragraph shall

relieve the onus on the School Division for that Teacher's placement on the re-employment list and the Teacher shall lose seniority.

- k) If, after layoffs have occurred and for a period of one (1) calendar year after the 30th of September following the date of layoff, positions become available, Teachers who have been laid off and have given written notice that they wish to be recalled, shall be offered the positions first, based on length of service with the School Division (seniority), providing such Teachers have the necessary training, qualifications, and experience for the position available.
- l) Each Teacher shall keep the School Division informed as to their current address.
- m) Teachers shall be recalled by phone/email or registered mail if required and must reply by phone/email or registered mail if required within five (5) days of receiving the recall notice.

Teachers shall be required to return to work on the date set out in the notice or no later than nineteen (19) calendar days following receipt of such notification.

- n) Failure to respond within the time limits specified or agreed to shall relieve the onus on the School Division for that Teacher's placement on the recall list and they shall lose recall rights and seniority.

If a Teacher refuses a position for which that Teacher has the necessary training, academic qualifications, and experience to perform the work in the offered position, such Teacher shall lose all rights for recall and seniority.

To be clear, in the above two circumstances, the Teacher's contract will be terminated and there will be no requirement for a hearing under Section 92 of The Public Schools Act.

- o) If a Teacher is recalled as provided in m) above, the following will not be affected:

- i. Accumulated sick leave prior to the layoff; and
- ii. Seniority gained prior to being laid off

but neither shall be accrued for the period of the time of the layoff.

- p) In addition to o) above, a Teacher who has been laid off will also lose recall rights and seniority for any of the following reasons:
 - i. The Teacher resigns or retires;
 - ii. The Teacher becomes employed by another School Division as a regular full time Teacher on a Teacher General Contract;
 - iii. The Teacher fails to return to work after the termination of any leave granted by the School Division;

- iv. The Teacher is not re-employed one (1) calendar year after September 30th following the date of layoff;
 - v. The Teacher's contract is terminated for cause;
 - vi. The Teacher who lost their right of recall/re-employment as a result of the application of this clause shall be notified as soon as possible that their teaching contract has been terminated and there will be no requirement for a hearing under Section 92 of The Public Schools Act.
- q) Notwithstanding any other provisions of this Article, the foregoing layoff provision shall not apply to a Teacher continuously employed by the School Division under an approved form of agreement for a full School Year or less, or to a Teacher employed on a limited term contract not to exceed one (1) School Year where during that term the Teacher is employed on the express written understanding that the Teacher's employment with the School Division will cease at the end of such term, provided however, no Teacher shall be laid off who has been employed by the School Division under an approved form of agreement for more than one (1) full School Year, where a Teacher with a full School Year or less of employment under an approved form of agreement or a limited term contract not to exceed one (1) School Year has not been laid off, having regard to the necessary training, academic qualifications and experience required for a specific teaching assignment of such Teacher employed under a limited term contract of a Teacher continuously employed by the School Division under an approved form of agreement for a full School Year or less.

5. Teachers with One (1) Full School Year or Less

Where a Teacher employed under a Teacher General Contract for a full School Year or less and as a result of this Article that Teacher's contract has been terminated and that Teacher is subsequently signed to a new Teacher General Contract then that Teacher's length of service for determining layoff will be retroactive to the first teaching day under the previous Teacher General Contract with the School Division provided that employment is continuous.

6. Teachers Employed Under a Limited Term Teacher General Contract

For the purpose of this clause a continuous Limited Term Teacher General Contract will be employment with the School Division under a Limited Term Teacher General Contract where there is no break in service between one Limited Term Teacher General Contract and another Limited Term Teacher General Contract or Teacher General Contract.

For further clarity for 5.16 5. and 6., the summer, winter, and spring breaks will not constitute a break in service provided that Teacher has a contract in force and effect on the last teaching day of the summer, winter, or spring break and a Limited Term Teacher General or Teacher General Contract in force and effect on the first teaching day following that summer, winter, or spring break.

5.17 TEACHERS ON LIMITED TERM TEACHER-GENERAL CONTRACTS

Effective Fall Term of 2024 for Louis Riel School Division and Pembina Trails School Division and effective Fall Term 2025 for all:

1. Except as hereinafter provided, every Teacher employed by the School Division other than as a substitute Teacher shall be employed under a written form of contract known as Form 2 and/or Teacher General Contract in the Public Schools Act.

Every term Teacher shall be employed by the School Division under a Limited Term Teacher-General Contract.

3. A Teacher who has been employed full or part time in the School Division under a Limited Term Teacher-General Contract for an entire School Year and is employed the following School Year under a Teacher-General Contract shall be entitled retroactively to seniority and accrued unused sick leave.
4. A Teacher who has been employed full or part time in the School Division under a Limited Term Teacher-General Contract for two (2) successive entire School Years shall, upon employment for a third (3rd) consecutive entire School Year, be signed to a Teacher-General Contract and shall be entitled retroactively to seniority and accrued unused sick leave.

For the purposes of this Article, an "entire School Year" means employment for one hundred and eighty (180) or more School Days in the Limited Term Teacher-General contract year.

5. Placement of Term Positions for Teachers on Leave:

If a School Division assigns a Teacher’s position to another school while they are away on leave, the School Division shall provide the Teacher with information as to where their position has been assigned to. The School Division shall also confirm with the Term Teacher assigned to the position the reason for the term assignment and assigned location.

A School Division shall meet with the Association during the School Year to advise of permanent Teachers affiliated with the corresponding term positions and the location of the position, where applicable.

6. Probationary Period

- a) Teachers hired on a Teacher General Contract will be placed on a probationary period for a period up to ten (10) successive teaching months. The probationary period may cover two (2) School Years depending on when the Teacher was hired.
- b) Teachers will be deemed to have not attained tenure until they have worked with their School Division for more than one (1) full School Year (as defined in Article 1.06 Definitions) on a Teacher General Contract. Tenure means that a Teacher has rights under Section 92 (3) and (4) of The Public Schools Act.
- c) In the event of a leave of more than twenty (20) teaching days during the probationary period, the School Division may extend the probationary period corresponding to the amount of teaching days missed during the leave to allow for a full period in which to evaluate the Teacher.
- d) When a Teacher receives notification of termination during probation period, the date of notification is the final date for days counting towards tenure.
- e) Teachers under probation who are released from their Teacher General Contract are not entitled to the *Article 5.16 Layoff* and are not entitled to rights arbitration under *Article 5.13 Grievance Process*.

5.18 CONTRACTING OUT

- 1. In the event that a School Division is unsuccessful in recruiting for a specialist position or specialized service that would normally fall under the scope of this Agreement, the School Division and the Association will meet to discuss possible solutions. In the event that there is no viable internal staffing or recruitment solution, the School Division will notify the Association in writing of their intention to contract out the service or work and the reasons for contracting out.
- 2. The length of the contracted out services will be for the remainder of the School Year or, if longer, until such a time as mutually agreed by the School Division and the Association.
- 3. The School Division will make reasonable efforts to recruit for the position or service prior to the end date of the contracted service and/or for the start of the following School Year.

5.19 EQUITY PROGRAMS

- 1. A School Division may implement equity programs to increase teaching representation from various underrepresented or historically marginalized groups within their teaching complement.
- 2. When a School Division chooses to implement an equity program, the School Division will inform the Teachers' Association prior to the program being implemented.

ARTICLE 6 – WORKING CONDITIONS

6.01 PREPARATION TIME

Preparation Time Allocation:

1. Effective Fall Term 2024: The Parties recognize that preparation time allocation is generally a function of school time scheduling. Over the course of the School Year, a School Division will endeavour to normally schedule the equivalent of a minimum of thirty (30) minutes per day of preparation time per full time Teacher. It is acknowledged that some Teachers may have more or all of their preparation time in one (1) semester than another semester provided the equivalent is reached as an average over the School Year.
2. Each School Division shall determine the amount of preparation time that a Teacher in a school shall receive.
3. Teachers will receive preparation time similar to what was provided at the assigned school during the preceding School Year with a variance of plus or minus 3%. There will be a minimum preparation time of one hundred eighty (180) minutes per six (6) day cycle. Effective fall term 2025, there will be a minimum preparation time of two hundred ten (210) minutes per six (6) day cycle.
4. Wherever possible, preparation time shall be scheduled in blocks of not less than thirty (30) minutes.
5. Part time Teachers will be provided preparation time prorated based upon the percentage of their teaching assignment.

Preparation Expectations:

6. It is expected and shall be the responsibility of each Teacher to utilize the preparation time provided to them in a productive, efficient manner towards fulfilling the educational needs of the Teacher's students. Preparation time is not rest periods nor is it personal time. Teachers shall remain in their assigned school during their preparation time and be available for an assignment, unless they are away on a school-based assignment approved by school administration.
7. Teachers are not entitled to compensatory preparation time nor financial compensation for missed preparation time should they be with students on a field trip or participating in a school-based function such as an in-service, professional development day, parent Teacher meetings, school assemblies, staff meetings, union leave, etc.

6.02 LENGTH OF INSTRUCTIONAL DAY

1. The normal school instructional day, exclusive of the midday intermission and the statutory obligation of Teachers to be on duty at least ten (10) minutes before the morning session begins and at least five (5) minutes before the afternoon session begins, shall be five and one-half (5 ½) hours or such time as may be determined by the Minister.
2. The Parties agree that some schools may have a longer instructional day that is based on school time tabling (balanced School Day, or longer transition periods between classes within the instructional day, schools that have to account for bus transportation of students from one school to another).

Schools that have a longer instructional day than five and one-half (5 ½) hours as of the first day of this Collective Agreement shall retain their instructional day hours. For such schools the following applies:

- a) The maximum length of the instructional day in each high school (averaged over the week, Monday to Friday) shall be five (5) hours and fifty (50) minutes.
 - b) The maximum length of the instructional day in other schools shall be five (5) hours and forty-five (45) minutes, averaged over the week if necessary.
3. The instructional day may be revised by the School Division to meet new Department course credit requirements or to comply with statutory requirements.
 4. The instructional day does not constitute the entire workday. Nothing in this Article limits a Teacher's obligation to discharge their professional responsibilities outside the instructional day.

6.03 MEAL PERIOD

1. An uninterrupted meal period of not less than fifty-five (55) consecutive minutes shall be provided to each Teacher between the hours of 11:00 a.m. and 2:00 p.m.

Exceptions to the above meal period shall be agreed to by both the School Division and the Association.

2. A Teacher's meal period is determined by the school principal.
3. Principals will be on call during this meal period to deal with emergencies and unforeseen circumstances. If a Principal is unavailable, a designated Teacher(s), may be on call on a rotational basis during this meal period to deal with emergencies and unforeseen circumstances.

6.04 EXTRA-CURRICULAR ACTIVITIES

1. Participation in extra-curricular activities by Teachers is voluntary.
2. The parties acknowledge the importance of extra-curricular activities as an integral part of each student's educational experience.
3. "Extra-curricular activities" means student-related athletic, social, recreational and cultural activities, with the written approval of school administration occurring outside the normal School Day, but does not include activities related to academic or instructional matters or curriculum subjects outside the normal School Day, whether such occur alone or with students, parents or administrative staff, such as (without limitation) staff meetings, parent/Teacher meetings, committee work, in-service sessions, marking and setting examinations, or marking school assignments.
4. An eligible extra-curricular activity is an activity which has received prior approval from the school principal.
5. In any School Year a Teacher shall be entitled to a paid leave of absence of one (1) day provided that they perform fifty (50) hours to a maximum of three (3) days leave for one hundred and fifty

(150) hours of eligible extra-curricular duties during a School Year. A part-time Teacher shall be entitled to the equivalent time off as a full time Teacher. The date for such leave shall be agreed upon between the Teacher and the principal.

6. A Teacher who accumulates at least twenty-five (25) hours can access a half (1/2) day up to a maximum of two (2) half (1/2) days in a School Year.
7. A Teacher who accumulates at least fifty (50) hours and where such fifty (50) hours are not accumulated until after April 30th, shall be entitled to carry forward one (1) day of leave into the subsequent School Year to be used by the end of the following School Year.
8. In the event that a Teacher does not accumulate sufficient hours up to a Teacher's first half (1/2) day (i.e. less than twenty-five (25) hours) to qualify for their leave, the Teacher may carry forward those hours to the following School Year. When a half (1/2) day is earned in the subsequent School Year, the half (1/2) day must be completed and used within that School Year.
9. Teachers authorized to engage in approved extra-curricular activities shall be reimbursed for reasonable out of pocket expenses including documented mileage and meal expenses related to such activities as per School Division policy/procedures and/or School Division authorization.
10. Leave requests must be submitted at least five (5) days in advance of the requested leave, whenever possible. Leaves shall be approved by the School Division.
11. School Divisions shall provide direction for the process for how hours are to be recorded.
12. Extra-curricular is subject to the following:
 - a) The School Division is able to find a substitute Teacher;
 - b) Extra-curricular leave will not be accessed on scheduled administrative, professional development or parent/Teacher days unless a special exemption is granted by the School Division.

6.05 PROFESSIONAL DEVELOPMENT DURING THE SUMMER BREAK

1. Teacher attendance at School Division directed Professional Development (PD) sessions during the summer break shall be voluntary.
2. Teachers who attend or provide School Division directed PD during the summer break shall receive, during the following School Year, compensatory time equal to the number of days during the summer break that they attended PD. The method and timing of such compensatory time shall be mutually agreed to by the principal and the Teachers. The details of such arrangement shall be subject to the prior approval of the School Division. This clause does not apply to Principals and Vice Principals.

6.06 TEACHER REQUIRED WORK DURING THE SUMMER BREAK

A school with a weighted enrollment over three hundred seventy-five (375) shall be considered to be eligible for an additional administrative allowance. This allowance shall be paid for each unit calculated using the following formula:

Memorandum of Agreement Re: Article 7.03 Administrative & Supervisory Allowances – Weighted Formula

1. Effective January 1, 2021, Administrative Allowances will be calculated taking into account the student weighted enrolment numbers for September of 2017 (including the weighted Level 2 and Level 3 student count in effect at the time).
2. If an administrator's school enrollment numbers experienced an increase in general student population enrollment after January 1, 2021, (as per the Divisional timelines for implementation of Article 7 of the Collective Agreement), the Division will apply the increase to the administrator's Administrative Allowance, as set out in paragraph 3 hereof.
3. For greater certainty, the process the Division would implement for the calculation of Administrative Allowances for the 2021 and 2022 calendar years would be as follows:
 - a) Calculate the enrollment numbers for the 2021 and 2022 calendar years;
 - b) Apply the weighted formula under the Collective Agreement for the 2021 and 2022 calendar years, excluding Level 2 and Level 3 students;
 - c) Compare the results of the weighted enrollment numbers for 2021 and 2022 calendar years, respectively, with the September 2017 weighted enrollment numbers, which includes Level 2 and Level 3 students; and
 - d) The administrator shall be entitled to the greater Administrative Allowance, based on the comparison performed in paragraph 3c) hereof.
4. In the event that an administrator changed schools during the 2021 and/or 2022 calendar years, and transferred to a school with a higher general student enrollment, such higher student enrollment would be taken into account in calculating administrator's entitlement under paragraph 3 hereof.

5. The parties previously agreed to commit to the following:

The parties agree to undertake best efforts to negotiate new Administrative Allowances under Article 7 of the Collective Agreement, “Administrative & Supervisory Allowances”, during collective bargaining, which new article will not contain weighted formulas pertaining to types and/or levels of students. In the event that agreement is not reached in collective bargaining, either party may request that the dispute be referred to interest arbitration.

Subsequent to the above agreement to negotiate a new administrative allowance, the parties negotiated a new collective agreement (in an unprecedented expedited fashion as a result of a request by the Association due to emergent timelines associated with the legislative process for Bill 45 legislation), the parties agreed to a new collective agreement without having an opportunity to fulfill the conditions of this agreement. Notwithstanding the new 2018-2022 collective agreement, the parties agree to put the commitment to review the administrative allowance into abeyance with the following caveats:

Should Bill 45 - The Public Schools Amendment and Manitoba Teachers’ Society Amendment Act which prescribes provincial teacher collective bargaining, and Bill 64 - The Education Modernization Act, be amended, not passed by legislature, be un-proclaimed, or quashed with the result being that the Division remains a school division and the employer of the Portage la Prairie Teachers’ Association and the parties negotiate a subsequent collective agreement, the parties will negotiate a new administrative allowance under the above original parameters as was originally agreed to by the parties.

Each principal of a school of one to four classrooms shall be paid in addition to salary according to scale, Article 5.09, an allowance of (as listed below) per full time teacher with pro-rated allowances for less than full time teachers assigned to his/her school, less the approved administrative time for that principal.
